

Acuwash and Wax Car Shampoo

Acuwash and Wax Car Shampoo is extremely simple and effective to use and is designed to easily remove deposits of greases and industrial fall out film that have become engrained with particulate soils, that is easy to clean and requires little manual labour, saving the vehicle's top coat from abrasion. It leaves a well-drained surface after rinsing, while promoting beading of water on the surface which minimizes streaking.

Acuwash and Wax Car Shampoo simply cleans better! Breaking down of oils and hydrocarbons is the process to clean far more effectively than solvent based cleaners while breaking down these hazardous oils and greases.

Acuwash and Wax Car Shampoo contains a high quality wax, leaving a protective layer over the surface and leaving a long lasting shine.

Acuwash and Wax Car Shampoo has a neutral PH level which will not cause dryness, irritation or inflammation of the skin.

Acuwash and Wax Car Shampoo is environmentally friendly, biodegradable, and has been formulated with readily biodegradable raw materials in accordance with cosmetic grade anti-bacterial agents to sanitize the skin and provide additional bacterial and virus protection.
