

Acugrill Degreaser

Acutrade's **Acugrill Degreaser** is a non-toxic, non-volatile formulation for the effective deep cleaning of Ovens, Grills, flat top stoves, Snack wedger's, Toasted sandwich irons. It is extremely versatile while remaining cost effective.

Acugrill Degreaser is an eco- friendly non caustic alkaline oven cleaner and carbon remover which is specially formulated to remove excess burnt food from surfaces such as ovens when food boils over onto the oven surface.

Acugrill Degreaser is primarily for use in baking and grilling environments when burnt on foods and carbon build up is a problem.

Acugrill Degreaser can be used to remove stubborn grime build-ups outside the oven too, like that which can be found on floors, in extractor hoods, on windows stripping fats from glass and on bulk tankers which have endured spillage of vegetable oils and animal fats.

Acugrill Degreaser can also be used on gas braais, braai grids, pans, burnt pots and many more applications.

Uses: Ovens, Grills, Stoves, Fryers, Braai grids, Pots, Pans, Cleaning of fat traps

Quality Product Guarantee – Water based non-caustic Degreaser.
